

Marbled paper

Materials: Shaving Cream, Food Coloring, Paper Plates, Cardboard, Popsicle Sticks, Pencil/paintbrush, Sheet Paper, stencil (optional)

Procedure:

1. Give each student a paper plate and spray shaving cream onto the plate
2. Use popsicle sticks to smooth/flatten the student's shaving cream
3. Add drops of food coloring to shaving cream
4. Using a pencil, paintbrush, or similar object, gently brush the food coloring around the shaving cream to blend colors together and create a swirling pattern
5. Press down stencil of choice onto the shaving cream (optional)
6. Press down a sheet of paper over the stencil, make sure the paper is consistently pressed on to the stencil across the whole paper
7. Set the paper onto a piece of cardboard with the shaving cream side up.
8. Using a rubber spatula, scrape the shaving cream off of the paper piece by piece, pressing firmly onto the paper with each scrape.
9. Sit back and enjoy the art your class has created!
