General Camp Kirby Information

What is Camp Kirby?

Camp Kirby is a traditional youth camp that has been operating for almost 100 years, and is owned by Camp Fire Samish. Over 800 children experience our Camp each summer. We're also accredited by the American Camp Association, meeting hundreds of standards for program quality, health, safety, facilities, and administration.

Where is Camp Kirby?

Camp Kirby is located on Samish Island in Bow, Washington. It is 1-1/2 hours northwest of Seattle, and 45 minutes southwest of Bellingham, WA. Samish Island is a drive-on island which is connected to the mainland.

What are Camp Kirby's Facilities?

Kirby's facilities are rustic and complement the natural setting of 47 acres that includes 1-1/2 miles of waterfront and 20+ acres of forest. Cabins are not heated, with limited electricity. Central bathroom facilities are shared by others, but staff have access to facilities in the staff buildings. Meals are served family-style in a lodge dining room. Kirby's emphasis is strongly placed on outdoor activities and focused on the natural environment. **Camp Kirby is a drug, alcohol, and tobacco free atmosphere and site.**

Camp Fire Philosophy

In Camp Fire, children learn that every person has special contributions to make and that together they can have an impact on the world around them. Camp Kirby Resident Camp provides an opportunity for children to live the philosophy of Camp Fire while enjoying nature and the outdoors.

Camp Fire Samish's Mission Statement

We inspire and empower all youth to discover their spark, connect with others, develop leadership skills, build character, and thrive in the natural world.

Camp Fire Inclusion Statement

Camp Fire believes in the dignity and the intrinsic worth of every human being. We welcome, affirm, and support young people and adults of all abilities and disabilities, experiences, races, ethnicities, socio-economic backgrounds, sexual orientations, gender identities and expressions, religion and non-religion, citizenship and immigration status, and any other category people use to define themselves or others. We strive to create safe and inclusive environments that celebrate diversity and foster positive relationships.

What are Camp Kirby's Summer Camp Programs?

Appreciation and respect for the outdoors and natural surroundings are the backbone of the programs which include creative arts, waterfront activities (swimming, funyaking, canoeing, etc), games, singing, overnight camping, and more! The Camp Fire philosophy emphasizes camper input on program decisions. Guided group decision-making is a very important part of the Kirby program.

Day Camp programs are offered to campers entering Kindergarten to 6th grade.

Resident Camp programs are divided into different units, based on the grade that the camper is entering the following fall.

Cricket/Beachcombers are 1st-3rd graders that live in our beachfront cabins. At this age, campers are introduced to basic camp activities.

Adventurers are 4th-5th graders who also live in the beachfront cabins. More advanced programs, such as archery and canoeing, are introduced at this level.

Hi Tor's are 6th-7th graders who typically live in our elevated cabins, or "tree houses". They are challenged with activities such as our climbing wall, and funyaking.

Mua Mi's are 8th-9th graders that live in our platform tent unit. They get to experience such activities as night archery, advanced canoeing, and advanced outdoor living skills.

For 10th-12th graders, we have a **Tanika** program which focuses on camper skills, leadership, and outdoor programs. These campers live in main-camp cabins.

Our **CIT** program is for campers who are entering 11th and 12th grades and at least 16 years old. These campers are interested in building leadership skills, and possibly working at camp one day. The 6-week course is split over two years.
